

# Building Successful Digital Transformation Roadmaps

 Intermediate | Industry

**Lisa Nicholas**  
Wipfli

# My Journey

## NetSolve

- Tech start-up went through an IPO
- Marketing focus
- Worked with analyst / PR

## Schools First CU

- Started CRM and data analytics program
- Led data / integrations for marketing
- Developed retention and relationship pricing

## Amplify Credit Union

- Built digital transformation for the organization focusing on real estate and indirect lending programs
- Nucleus ROI Technology Award

## DBS / 1 Up Digital

- Developed digital online loan application in FSC
- Virtual Branch
- ROI
- W3 Gold Award Winner
- Recognized as a thought leader

1997

2000

2002

2018

2020  
**WIPFLi.**

## Moved from Michigan then Cali back to Austin

- Raced sled dogs professionally until I was 18
- NetSolve went public and I decided to move to Newport Beach, CA

## Got Married

- Active in National Charity League & Humane Heroes
- Two girls one is a barrel racer & elite cheerleader
- Husband has worked at IBM for 25+ years as a master inventor

# Agenda

## Building Successful Digital Roadmaps

Time	Agenda
10:50-11:00	Industry trends around digital transformation
11:00-11:15	Digital transformation best practices
11:15-11:25	What a digital roadmap should include and why
11:25-11:30	How to structure a team to support digital transformation

# Industry trends around digital transformation

# Polling Question

Our organization has a digital roadmap  
and I know my/departments role in that  
plan?

- a) Yes
- b) No

# Percentage of Institutions that have Launched a Digital Strategy

48%

Of banks still haven't or don't plan to launch a digital strategy

35%

Of credit unions still haven't or don't plan to launch a digital strategy

**77%** of financial institutions that have a digital strategy are *less than 25%* complete

# Polling Question

What is the **most** important element in the success of a digital strategy?

- A. Technology
- B. Mindset
- C. Roadmap
- D. None of the above

## Industry trends around digital transformation

- Resist the tech-first mentality and focus on organizational mindset
- Your core is not going to transform you
- 77% of FI's are less than 25% of the way through digital strategies
- Lead with a data strategy that supports strategic initiatives

# Growth strategies for digital initiatives

# Key Digital Areas

# How is Digital Impacting Key Metrics

# Emerging Tech Cloud Computing and APIs Top the List

## Emerging Technology Deployed YoY

# Digital Project Examples by Key Business Metric

## Loan Volume

- Short Application
- Reduce Swivel Chair
- Lead/Referral Unification
- Aggregator Centralization
- White Space Analysis
- Personalized Dashboards

## Loan Productivity

- Workflow Automation
- Personalized Dashboards
- Intelligent Round Robin

## IT Agility

- Cloud Native
- API-led

## Retention

- Digital Branch
- Journey Automation w/ Follow-up
- Automated Follow-up Programs
- Queue Management

## Cross-sell

- Offer Engine
- AI for Next Best Product
- Leverage Application Data

## Fraud

- Act Fast Streams
- Real-time Collaboration
- Analytics

## Operational Expenses

- Action Plans
- Automation
- AI
- Digital Assistants
- Indirect/OEM Management
- Incentive Management

## Non-interest Income

- Debit Card/Credit Card Acquisition and Usage Programs
- Digital Checking Acquisition
- Digital to Increase Wealth, Insurance, TPO, Treasury Management

# Polling Question

If digital could transform one part of the business which would it be?

- a) Lending
- b) Acquisition
- c) Process improvements to automate & streamline
- d) Other (RPA, IoT, AI)

# Can You Deliver

Can visitors in the branch/call center and on the website open a **deposit account** in one (1) minute or less?

## Deposit Account Opening

40% of FIs that offer digital account opening still  
take more than 10 minutes *Source: Forbes*

# Can You Deliver

Can visitors and employees apply and get a decision for a **consumer loan** in one (1) minute or less?

## Consumer Loan Applications

54% of FIs take more than 10 minutes to complete an unsecured loan application online/mobile *Source: Forbes*

# Can You Deliver

Customer facing employees can see all accounts and communication in one system without logging into multiple systems?

## Employees have a real-time 360 view for all accounts and interactions

Less than 5% of banks and credit unions that we deal with  
can deliver on a unified view from one system with a true  
360 degree view of the customer.

# Can You Deliver

Can business units innovate and move quickly on new ideas and integrations?

# Productized Data to Drive Speed and Innovation

If your business unit still puts in a request and must wait months behind IT projects- then your organization is not cloud native and API-led

# Can You Deliver

Is the organization using 1st party data like application data to switch content and imagery when visitors come to the website?

## Hitting the full-lifecycle of the consumer buying journey

Is your website leveraging 1<sup>st</sup> & 2<sup>nd</sup> party data to drive personalized content and images both pre and post authentication? Do you have integrated forms, product recommenders and basic calculators tied to CRM and MA?

Text updates sent to Brad's manager

Email is sent to prospect with link to application and login for personal portal

# Growth strategies for digital initiatives

- Mindset and change management are critical to digital success
- Initial digital projects should deliver on your strategic initiatives
- Growth initiatives top the list for transformational digital initiatives
- Emerging tech is secondary to building a foundation
- If you can't see a unified view of all accounts including communication with the customer then you might want to revisit your digital strategy

# What a digital roadmap should include and why

# What Should Your Digital Strategy Support

1

Strategic  
Initiatives

2

Growth

3

Operational  
Efficiency

#PARDREAMIN2021 |  
@PARDREAMIN

# PEOPLE

are critical to the success or  
failure of digital initiatives

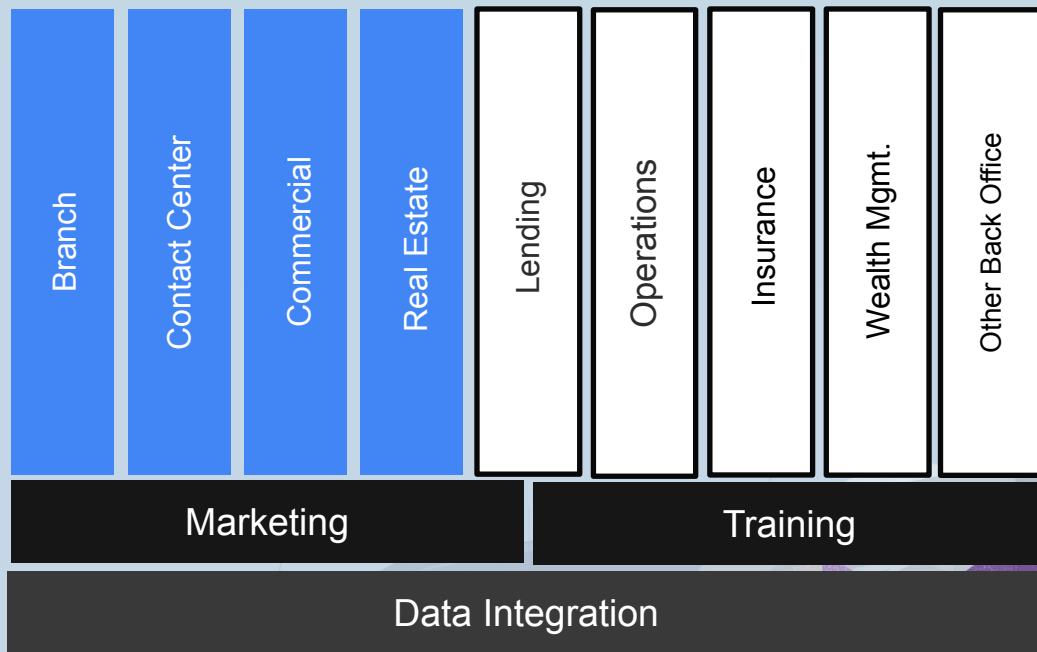

# What Foundation Does a Digital Strategy Need to Succeed

- CEO and Executive Team Lead Digital Strategy
- Proper Data Architecture that Drives Strategic Initiatives
- Change Management to Support Digital Culture
- Mindset Change to Drive Process Innovation in a Regulated Industry
- Partnering to Upskill Workforce

# Should You Go All-in or Phased Approach

Crawl → Walk → Run → Sprint

*Evolution of Digital Enterprise*

- Planning Session
- Surveys
  - Readiness
  - Process
  - Systems
- Discovery Meetings
- Day-in-the-life Exercise
- Prioritization of Business Requirements
- Data Architecture
- The Plan & Presentation

## Focus Areas

Strategic Planning and Management  
Organizational Structure, Skills, Outsourcing  
Collaboration Services and Infrastructure  
Website  
Retail Services  
Marketing  
Customer Relationship Management  
Business Intelligence  
Organizational Performance  
Project/Portfolio Management  
Customer Service  
IT Operations and Infrastructure  
Human Capital Services  
Cybersecurity & BCP  
IoT / Emerging Tech

# DIGITAL READINESS SURVEY

## Example Questions

- What are the organizations and/or department top three initiatives or pain points they would like digital transformation to solve for the organization?
- Where does your organization as it relates to new endeavors?
- Which answer best describes digital transformation at your organization?

## Key Points

- ✓ How much training will be necessary to get the proper user adoption
- ✓ Identifies employees that might be roadblocks
- ✓ Series of questions to assess the readiness and opinions around digital transformation
- ✓ Determines how fast or slow to take the initial projects

# PROCESS SURVEY

## Example Questions

- How do employees know what happened to their lead or referral?
- Which channels are used to communicate with customers? Check all that apply by business unit.
- How do employees know if the SLA has not been met within the stated SLA and needs to be escalated?

## Key Points

- ✓ Identifies any gaps in where you are going strategically
- ✓ Outlines key processes like who uses which channels
- ✓ Lead and referral maturity
- ✓ Business unit process documentation readiness

# SYSTEM OF RECORD SURVEY

## Example Questions

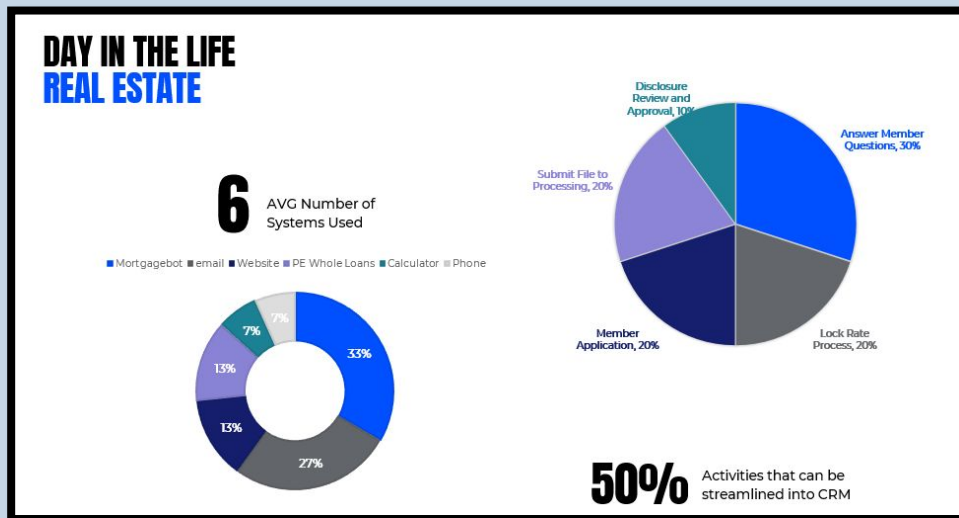

- Is there a data warehouse within the organization?
- Is the application hosted or cloud?
- Which systems have a full-use API

## Key Points

- ✓ Lists the systems that are critical to digital initiatives
- ✓ SME is required to complete vendor, product name and various other pieces of information like APIs available by system

# DAY IN THE LIFE

## Key Points

- ✓ SME identifies the appropriate employees to complete a day-in-the-life for each business unit
- ✓ Helps identify areas to start
- ✓ Provides c-level executives and peers insight into other areas of the business
- ✓ Provides a baseline

# ROADMAP DOCUMENT

19. Appendix C – Hours Estimates.....	61
20. Appendix D- Data Cadence.....	62
21. Appendix E – Prioritization Workbooks.....	63

## Key Points

- ✓ Provides organization initial hours and investment
- ✓ Written document outlining digital approach by business unit
- ✓ Depending on roadmap option success metrics

# READ BACK PRESENTATION

## Key Points

- ✓ Important for executive and key stakeholder alignment
- ✓ Reviews proposed initial phases
- ✓ Discussion around investment in digital
- ✓ Business units are given personalized videos to watch post enterprise read-back session

# What a digital roadmap should include and why?

- People are key to success or failure
- Phase your strategy in alignment with the most important strategic initiatives
- Roadmap should include
  - The Why
  - The What
  - The How
- Roadmaps should get your organization moving in the same direction and excited about digital transformation

# How to structure digital resources

## In-house

- Organization has all the employees that are skilled to execute digital transformation
- Generally hard lessons learned and wasted spend and failure to launch on-time or at all

## Outsourced

- Resources are tight with other projects
- Do not have the right skill set internally
- Strategy of leave it to the experts which can be high cost for expertise long-term

## Blended

- Partner with experts and bring internal team along with outsourced team
- Leverage outsourced model for larger more complex projects on an as needed basis

## Digital Steering Committee

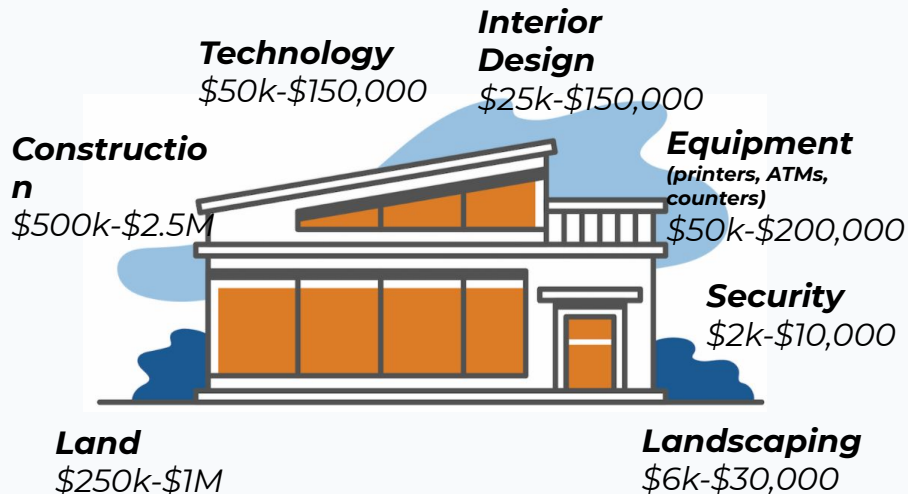

- Executive Sponsor
- Digital Project Manager
- Digital SMEs
- Advocates

*No more than eight (8) people on the team*

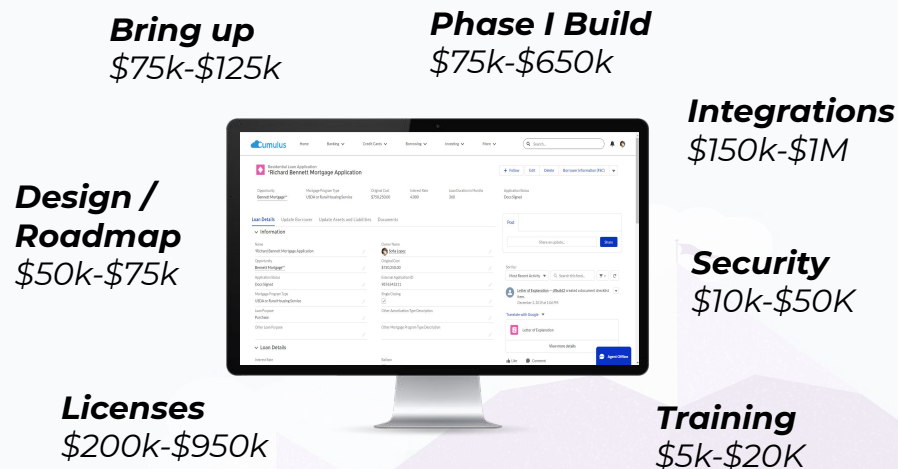

## Physical vs. Digital Branch

**AVERAGE COST TO BUILD A PHYSICAL  
BRANCH \$800K-\$4M**

(Approx. cost per sq. foot \$250-\$800) Source: HTG

**AVERAGE COST TO BUILD A DIGITAL BRANCH  
\$500K-\$3M**

## Key Points

# How to structure digital resources

#PARDREAMIN2021 |  
@PARDREAMIN

- Build a roadmap that includes all areas of the business
- Your digital investment is like building branches or taking on large systems- it's not one and done
- Digital investments should have an investment strategy
- Develop a plan for human capital / upskilling

# Where Do You Start?

#PARDREAMIN2021 |  
@PARDREAMIN

## Build a Roadmap

*On average our engagement surveys show that **75% employees** feel the organization has a digital strategy but are **failing to execute it.***

# Thanks for listening!
