- And about Philip...

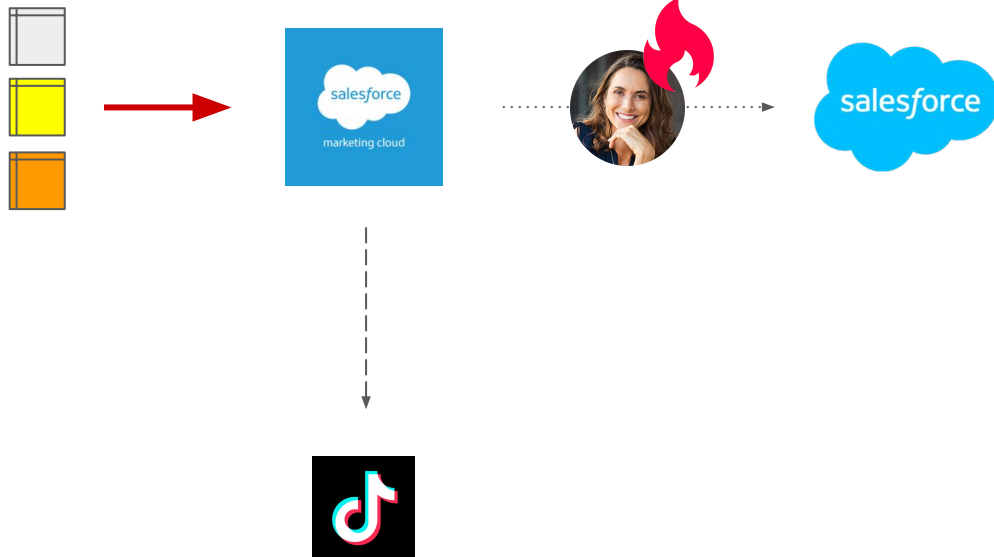

Agenda

- Should I build or should I buy?
- “Pros and Cons” of both
- Marketing Cloud ISV & Appexchange
- Conclusion

Should I build or should I buy?

Buy ?
Build ?
Hybrid ?
Status Quo ?

Analyse your pain point.

- What *is* the problem?
- How big is our problem?
- How will a solution need to evolve?
- How unique is our problem?
- How quickly do we need to solve this problem?
- Are there synergies with our strategic mission?

IMPORTANT

Consider this.

- The Family Polli needs a car...
 - How big is our problem?
 - Car broke down 🆘
 - How unique is our problem?
 - Standard 🚗
 - How quickly do we need to solve this problem?
 - Asap 🕒
 - How will a solution's need to evolve?
 - Mildly 🍼
 - Are there synergies with our strategic mission?
 - Hm.. 🧐

Consider that.

- The NASA needs a car...
 - How big is our need?
 - Out of this world... 🚀
 - How unique are our needs?
 - Rather unique 😊
 - How quickly do we need to solve this problem?
 - 15 years 🛌
 - How will a solution's need to evolve?
 - Constantly 🌀
 - Are there synergies with our strategic mission?
 - 700%

Build - Pros

Made for you

Unique needs covered.

Flexibility (?)

It can evolve, once you need it to.

Ownership

IP and control.

Build - Cons

Costs

Resources and focus

Speed

"Are we ready to go live yet?"

Risks

Know-how, dependency.

Buy - Cons

Tricky evaluation

Be clear about your needs.

Longevity

How will my needs evolve.

Control

"What if they remove this feature?"

Buy - Pros

(Buy) Experience

Purpose-built, expertise, benefit from past investment.

Speed-to-value

Rapidly bring impact to business and start generating value

Cost control

Predictable costs.

Consider Marketing Cloud ISV's

Send direct mail from within journey builder

Build unique landing pages & emails

Engage buyers on TikTok

No-code lead website tracking, lead scoring & more

No-code audience segmentation

In Conclusion

- ★ Analyse your needs - today & tomorrow 
- ★ Always consider building & buying
- ★ Evaluate which risks apply to you of buying vs building
- ★ Talk to your agency and the community

Let's connect!

Thank You!
